Bhopal, Madhya Pradesh, India

Summary

I am a Computer Science and Engineering undergraduate specializing in Artificial Intelligence and Machine Learning, with hands-on experience building full-stack applications using the MERN stack . I enjoy turning ideas into practical software, from web platforms to AI-powered tools. I bring a curious, analytical approach to problem-solving and am eager to keep learning while contributing to useful technology projects.

Skills

Languages: Python, JavaScript, Core Java, SQL

Frontend: HTML,CSS, Tailwind, EJS

Backend: Node.js, Express.js

Databases: MongoDB, SQL

Core Subjects: DBMS, Object-Oriented Programming (OOP)

Tools & Platforms: Git, GitHub, Render, VS Code

Projects

TravelNest
(EJS, JavaScript, Node.js, Express.js, MongoDB) Link

- Built a full-stack Airbnb-style application supporting user authentication, property listing, image uploads, and booking workflows with MongoDB and Express .
- Designed and implemented **user authentication**, property listing, and booking modules with secure session handling.
- Utilized EJS templating for a responsive frontend and Node.js/Express.js for scalable RESTful backend services.
- Managed data storage and retrieval efficiently with MongoDB, optimizing query performance for listings and user data.

ExamNotes AI
(React, JavaScript, Node.js, Express.js, MongoDB) Link

- Built a full-stack AI study tool that generates structured, exam-focused notes from a topic, tailored by class level and exam type. It also supports revision summaries, quizzes, diagrams, charts, saved note history, and PDF downloads.
- Integrated Groq to generate structured notes with optional Mermaid diagrams and Recharts visualizations; added Markdown rendering and PDF export.
- Implemented Google sign-in, JWT cookie-based authentication, MongoDB note history, and Stripe checkout for credit purchases.
- Developed the interface with React, Redux Toolkit, Vite, and Tailwind CSS; built the API with Node.js, Express, and MongoDB.

Education

Oriental Institute of Science and Technology Aug. 2023 – Present
B.Tech. – Computer Science and Engineering (Artificial Intelligence & Machine Learning) Bhopal, M.P.

- **CGPA:** 7.0
- **Relevant Coursework:** Data Structures, Algorithms, DBMS, OOPs, Machine Learning, Artificial Intelligence

Shantiniketan School
12th – Science Stream Bhopal, M.P.

- **Percentage:** 80%

Certifications

- **Introduction to Data Science** – Infosys
- **Introduction to Cybersecurity** – Cisco
- **Mastering Python** – Udemy
